

2019 Planned and completed roadwork

Treat 35, Entrance to K.3 (Earthbind)

Re-crown and gravel 3000' of 35, K.3 to 35.6

Re-crown and gravel 1200' J.9

Re-crown J.7 below hill, gravel to cover sub-base

Find buried J.7 culvert and restore flow

Purchase/Build a watering rig

2019 Planned but incomplete or deferred roadwork

Crown and gravel 2500' of J.8 (Still planned, but won't be done until some natural moisture is available)

Install ~10k gal water tank at fire barn (No "free" tank was available from CDOT this year)

Install ~3k gal water tank at Sander's residence at end of K.3 and plumbing to fill from pond (Still planned for this fall.)

Culvert under J.6 cul-de-sac to prevent further flooding and loss of road surface (Postponed due to lack of 2019 funds)

Replace sign post at entrance that rotted off and fell over two weeks ago

Volunteer hours for 2019: 113 and climbing. (Estimate around 150 by end of year)

Volunteers recorded 2019: Chris Hinds, Terry Wheeler, Stan Mattingly, Kim Lanyon, Bob Sanders, Phil Mayor, Herb Didier, David Nigteagle, Greg Kemp, Doug Freddes,

Equipment reimbursement 2019:

So Far:

Chris Hinds (Grading, dump truck, mowing, backhoe and tractor work)

Bob Sanders (mowing)

David Nigteagle (water)

As always, new roads committee members are welcome! (Especially ones with roads experience!)
